

Course: 3rd Grade Science (1st Semester)

Instructor: Mrs. Potts

Instructional Plan

Course Content Description Template

Provide a brief overview of the course content, including key topics and themes covered throughout the course.

- **Physical Science:** Physical properties, states of matter, forces, and forms of energy.
- **Earth and Space Science:** The solar system. (This will begin in the first semester but will continue in the second semester)

Major Assignments and Projects Template

List the major assignments and projects for the course, including their purpose and any relevant deadlines or evaluation criteria.

Interactive Science Notebook: Students will maintain a composition notebook to document their observations, experiments, reflections, content learning and vocabulary.

- **Purpose:** To engage students in the scientific process and enhance learning through personal reflection.
- **Due Dates:** Ongoing throughout the semester.

Content and Vocabulary Assessment:

- **Purpose:** Formative assessments and vocabulary mastery are utilized to assess student understanding of the TEKS
- **Due Dates:** At the end of each learned TEK

Required Textbooks and Instructional Materials Template

List the textbooks and other instructional materials required for the course, including authors, publication dates, and any additional resources needed for successful completion.

- **Summit K12 Dynamic Science Worksheets**
- **Composition Notebook:** For interactive notebooks and reflections.
