

**Course: Elementary Computers**

**Instructor: Kambrie Reid**

### **Instructional Plan**

#### **Course Content Description Template**

Provide a brief overview of the course content, including key topics and themes covered throughout the course.

As a part of our computer lessons, students will be working through our online Math curriculum (IXL) and online Reading program (Mindplay) that will help develop their Math and Reading skills throughout the year.

#### **Major Assignments and Projects Template**

List the major assignments and projects for the course, including their purpose and any relevant deadlines or evaluation criteria.

We will administer a screening test for both Math and Reading that each of the students will take part in, at the beginning of the year, middle of the year, and end of the year. These screenings will be utilized to see how much each student has progressed throughout the year.

#### **Required Textbooks and Instructional Materials Template**

List the textbooks and other instructional materials required for the course, including authors, publication dates, and any additional resources needed for successful completion.

The Reading program the students are working with this year is Mindplay, and the Math program is IXL.
