Major Assignments and Projects Template List the major assignments and projects for the course, including their purpose and any relevant deadlines or evaluation criteria.	
<p>There are no major assignments in Pre-K. The primary focus is fostering the development of young children and preparing them for kindergarten. Lessons are designed to support various aspects of a child's growth, including social, emotional, cognitive, and physical development. Students are assessed three times a year beginning, middle and end of the year.</p>	
Required Textbooks and Instructional Materials Template List the textbooks and other instructional materials required for the course, including authors, publication dates, and any additional resources needed for successful completion.	

Manipulatives are essential tools used to enhance learning through hands-on experiences. These objects help students understand abstract concepts by providing tangible ways to explore and learn. Some common manipulatives used in Pre-K:

- Building blocks
- Counting bears
- Playdough
- Puzzles
- Magnetic letters and numbers
- Chalk
